

Good for everybody

Aetna Better Health® of Illinois 2022 Medicaid Pay-for-Performance (P4P) Program

The Aetna Better Health® of Illinois 2022 Pay-for-Performance (P4P) Program rewards providers for high-quality care given to our members.

Here's how it works

Financial incentives are based on completing services on several Healthcare Effectiveness Data and Information Set (HEDIS®) measures. Assigned PCPs and specialists are paid extra for closing these HEDIS® care gaps:

PCPs:

- Adult access to preventive care
- Blood pressure control (<140/90)
- Hemoglobin A1c < 8
- Breast cancer screening
- Well-child visit, 15-30 months: 2+ visits (6 or more visits within first 15 months)

Specialists or combo of PCPs/specialists:

- Prenatal care
- Postpartum care
- Cervical cancer screening
- Childhood immunizations by age 2 (combo 3)
- Follow-up services rendered by licensed behavioral health providers

Eligibility requirements

Every Medicaid recipient is required to have an assigned PCP. Starting in 2022, PCPs who see fewer than 35% of their assigned patients during the year (telehealth visits count toward this requirement) are not eligible for PCP incentives. In 2023, this will increase to 50%. We'll share visit performance data with providers throughout the year starting in Q2.

Program update for 2022

Similar to 2021, providers receive financial incentives for completing services on several HEDIS® measures. For 2022, the incentive rate increases for reaching the target set for the 50th percentile, with another increase at the 75th percentile.

Aetna Better Health® of Illinois may add, modify or delete any Program term or condition, in its sole discretion, with or without notice, and may terminate the Program at any time without notice.

Targets

Provider performance is based on three tiers (<50th, 50th–75th, 75th+) according to the following HEDIS® measures for claims through 12/31/2022:

HEDIS® measure		50th percentile	75th percentile
AAP	Adult access to preventive care	78%	82%
BCS	Breast cancer screening	54%	59%
CCS	Cervical cancer screening	59%	64%
CIS	Childhood immunization by age 2 (combo 3)	68%	73%
HBD	Hemoglobin A1c < 8 (previously CDC)	47%	51%
CBP	Blood pressure control (< 140/90)	55%	63%
FUA	30-day follow-up after substance abuse ED visit (ages 18+)	22%	27%
FUA	7-day follow-up after substance abuse ED visit (ages 18+)	14%	18%
FUH	30-day follow-up after BH hospitalization (ages 18–64)	54%	63%
FUH	30-day follow-up after BH hospitalization (ages 6–17)	72%	80%
FUH	7-day follow-up after BH hospitalization (ages 18–64)	34%	44%
FUH	7-day follow-up after BH hospitalization (ages 6–17)	50%	58%
FUM	30-day follow-up after mental illness ED visit (ages 6–17)	69%	79%
FUM	7-day follow-up after mental illness ED visit (ages 6–17)	50%	66%
PPC	Postpartum care	76%	80%
TOPC	Timeliness of prenatal care	86%	89%
W30	Well-child visits, 15-30 months: 2+ visits (6 or more visits within first 15 months)	71%	76%

Payment rates

Providers are paid per service rendered for each HEDIS® measure relative to the targets above. Here are the rates for 2022:

HEDIS® measure		<50th percentile	50th–75th percentile	75th+ percentile
AAP	Adult access to preventive care	\$0.25	\$0.50	\$1.00
BCS	Breast cancer screening	\$15	\$20	\$25
CCS	Cervical cancer screening	\$7.50	\$10	\$15
CIS	Childhood immunization by age 2 (combo 3)	\$50	\$60	\$70
HBD	Hemoglobin A1c < 8 (previously CDC)	\$30	\$40	\$50
CBP	Blood pressure control (< 140/90)	\$30	\$40	\$50
FUA	30-day follow-up after substance abuse ED visit (ages 18+)	\$30	\$50	\$80
FUA	7-day follow-up after substance abuse ED visit (ages 18+)	\$30	\$50	\$80
FUH	30-day follow-up after BH hospitalization (ages 18–64)	\$30	\$50	\$80
FUH	30-day follow-up after BH hospitalization (ages 6–17)	\$30	\$50	\$80
FUH	7-day follow-up after BH hospitalization (ages 18–64)	\$30	\$50	\$80
FUH	7-day follow-up after BH hospitalization (ages 6–17)	\$30	\$50	\$80
FUM	30-day follow-up after mental illness ED visit (ages 6–17)	\$50	\$60	\$75
FUM	7-day follow-up after mental illness ED visit (ages 6–17)	\$75	\$125	\$150
PPC	Postpartum care	\$30	\$50	\$75
TOPC	Timeliness of prenatal care	\$20	\$30	\$40
W30	Well-child visits, 15-30 months: 2+ visits (6 or more visits within first 15 months)	\$10	\$20	\$30

Payment schedule

Payments will be made in Q2 2023 for services rendered in 2022.
